Dakota Valley Recycling—a partnership between the cities of Apple Valley, Burnsville and Eagan—brings you ARROW: Awards for the Reduction and Recycling of Waste. Since 2002, this free program has been recognizing over one-hundred local businesses for their environmentally-preferable choices in managing resources.

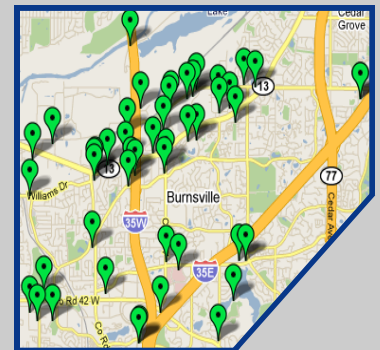

ARROW members incorporate recycling, buying recycled, selling recycled, reducing and/or reusing into their everyday business practices. Please visit these local businesses and thank them for recycling!
